

## CONSTRUCTION PROJECTS

For close to 25 years, PROFLOOR EPOXY SYSTEMS have worked together with Construction Firms, Engineers and Architects to deliver a number of important projects across Australia.

Profloor are highly experienced and well conscious of site protocols, with various phases of the industry including maintenance, shop fitouts & General Construction projects, through to Government, Infrastructure and Special projects.

As a result, Profloor have worked with some of the greatest builders, on some of the greatest projects in Australia.
